ABOUT MOOT COURT CLUB

The Moot Court Club of Graphic Era Hill University is a dynamic and prestigious student-driven initiative that fosters the development of legal acumen and advocacy skills among aspiring law professionals. Renowned for its commitment to excellence, the club provides a platform for students to engage in simulated court proceedings, enhancing their understanding of legal principles and courtroom etiquettes. Through its participation in National and International Moot Court Competitions, the members have gained invaluable experience in the field of legal research, drafting, and oral arguments, which sharpens their analytical and critical thinking abilities. The club also organizes workshops, guest lectures, and intra-university events, creating a vibrant environment for intellectual growth and peer collaboration. By bridging the gap between theoretical knowledge and practical application, the Moot Court Club plays a pivotal role in nurturing the next generation of skilled and confident legal practitioners.

OUR PREVIOUS EVENTS

Over the past three years, the Moot Court Club of Graphic Era Hill University has consistently demonstrated its excellence by organizing three successful National Moot Court Competitions. Each event has been a landmark achievement, attracting participation from prestigious law schools across the country. The competitions have been lauded for their meticulously crafted legal problems, which challenge participants to address contemporary and complex legal issues, ranging from constitutional law to corporate disputes. With esteemed judges, including prominent legal professionals and sitting members of the judiciary, the events provide participants with an unparalleled learning experience. The club's dedication to maintaining high standards in event management, alongside its emphasis on fostering intellectual rigor and advocacy skills, has solidified its reputation as a leading platform for aspiring legal minds. These competitions have not only showcased the university's commitment to legal education but have also left an indelible mark on the National Moot Court Circuit.

- The Republic of Mystic Falls has three major criminal laws which govern the criminal law system in the country which are – The Basinview Nayaya Sanhita, 2023, The Basinview Nagrika Suraksha Sanhita, 2023, The Basinview Sakshya Adhinyam, 2023 which came into force on 1.07.2024 and are pari materia to the three criminal laws applicable in India, – The Bharatiya Nayaya Sanhita, 2023, The Bharatiya Nagarika Suraksha Sanhita, 2023, The Bharatiya Sakshya Adhinyam, 2023. The Republic of Mystic Falls has enshrined the fundamental rights of its citizens in The Constitution of Mystic Falls, which is pari materia to The Constitution of India.
- This is a case of diabolic and ghastly filicide and uxoricide, committed stealthily, by inflicting induced Cobra bites causing fatal envenomation, with extreme wickedness, to disguise it as death due to accidental Cobra bite. The accused, Daemon, married Elena, a specially abled lady, on 15/08/2018. Deamon was a staunch worshipper of Lord Shiva and was seen by the neighbors on multiple occasions feeding milk to the Snake. Since his childhood, he used to worship Lord Shiva dedicatedly. Thereafter, a child was born in the wedlock just after five months of the marriage on 22/01/2019, the accused became apprehensive of the fact that the child was not the legitimate child of Elena. On being confronted, she confessed to having an affair before marriage, and the child was the child of her paramour. Since then, the accused developed malice towards his wife and child. However, he did not divorce her or leave her because she was the sole successor of her parent's large estate. He contrived a plot to get rid of her and her child by causing their death in a manner without causing suspicion to her relatives, so that he would continue to get financial assistance from the family of Elena and he would be able to retain the gold ornaments, with which she was adorned and the cash gifted to her at the time of her marriage.
- In prosecution of the said evil design to cause death of Elena, the accused planned to commit her murder by causing a venomous snake bite to her. Henceforth, the accused got acquainted with the behavior of venomous snakes by surfing the Internet and YouTube and got acquainted with a snake charmer, who had expertise in handling and capturing venomous snakes. On 26/02/2020 the accused purchased a viper, a venomous snake from the charmer for 10,000/- rupees and took it in a plastic container to his house .

- On 27/02/2020 he kept the viper in the staircase and sent Elena upstairs to take his mobile phone with the intention that Elena will be bitten by the viper but failed in the attempt since Elena saw the snake and raised alarm calls, then the accused skillfully captured the viper and carefully put it into a sack and kept it.
- After one failed attempt, the accused did not do anything to cause the death of Elena and thought of forgiving her of the fact that she concealed her pre-marital pregnancy with him. But still, in the back of his head he had this thought that the child was not his flesh and blood. He was never able to accept the child as his own. But to save his marriage with Elena, he legally never took any action. In all the documents of the child, he was the "FATHER" or the "LEGAL GUARDIAN" of the child and was fulfilling his duties as a father out of his marital obligations to Elena.
- However, the accused still could not accept the fact that he was nurturing an illegitimate child. Thereafter on 24/05/2024 at 11.40 a.m., the accused purchased a venomous cobra from another snake charmer for 7,000/- rupees and clandestinely took it to his house and kept it hungry for a few weeks. On 29/06/2024 he took the cobra in a plastic jar kept in a bag, to the room of Elena's child. Thereafter, on the same day before going to sleep he gave sedative tablets to their child mixed in juice and after being convinced in the night hours that he was fast asleep, he took out the cobra and with intent to cause death of the child, caused it to bite on his left arm twice and ensured his death by envenomation. Then he stealthily took the snake and left it in his backyard to escape. Meanwhile, Elena came and saw her child lying motionless with a snake bite, she screamed but no one came for help. Just then she realized, she had seen a series on Showflix "THE JUNGLE BOYS" wherein, the venom could be removed by sucking it from the blood. So she started sucking the venom from the wound, but the snake was so poisonous that in the process she also swallowed some of the venom and became unconscious due to the effect of the venom of the snake.
- The accused came and saw his wife lying unconscious. He did not intend to cause the death of Elena and wanted to save her, since he became apprehensive that he might get charged for the double murders of Elena and her child. So he decided to take her to the nearest Hospital. On reaching the hospital, he discovered that there was no doctor available in the emergency ward. Hence, he googled the closest hospital to his location and decided to take his wife there. He started his car and turned on the google maps.

- He was following the Google Maps, wherein he realized that the flyover that was suggested by the Google Maps was under construction and broken. He tried to pull the brakes of the car but could not control it. So, he jumped out of the moving car and saved himself. However, Elena, who was lying unconscious, could not jump out of the car and was still inside the car while it fell into the river below. The next morning, her dead body was discovered floating on the river by the local fishermen. On her postmortem, it was found that she died by drowning in the water and her head hitting a rock, however, there were traces of poison in her blood.
- Also, the next morning, when the mother of Elena visited her house, she found the child unconscious and lying motionless on the cot, and raised alarm calls, hearing which her brother and father rushed to the bedroom. Thereafter, the child was taken to the St. Joseph's Mission Hospital wherein he was declared dead. The Casualty duty doctor of the said hospital confirmed the death of Elena's child, and since the death was not natural, and a medico-legal case, the body of the child was sent for the postmortem. On the same day itself, the medical experts conducted post-mortem examination of the child and gave a preliminary opinion that the cause of death of the child was due to snake bite and forwarded the viscera for chemical analysis.
- The brother of Elena lodged the F.I.R on 02.07.2024 at the police station for unnatural death of Elena and her child. The accused was questioned regarding the same and he told the police, "I brought the snake to my house to please Lord Shiva and used to pray to the snake for the well being of my wife and my child. That fateful night, the snake somehow escaped and bit the child. I am not responsible for either of these deaths.
- After the completion of investigation, the police filed Final Report against the accused alleging commission of offences u/s 100, 107, 116 B.N.S and also certain sections of the Wildlife Protection Act, 1972. The accused was charged with the double murder of the child and Elena. Simultaneously, the accused also filed a case against the State authorities and Google for negligence on their part in suggesting the fly, which was broken, and also for keeping such flyovers functional, which caused the death of Elena in the District Court. However, dismissed his compensation claim.
- On the other hand, the Trial Court sentenced him to an imprisonment for the remainder of his natural life and a compensation of Rs 5,00,000. He was also charged a fine of rupees 50,000 for violating the provisions of The Wildlife Protection Act, 1972 of the Republic of Mystic Falls.

- An appeal was filed by the accused in the High Court which was decided against him in both the cases. Therefore, the accused filed this SLP before the Hon'ble Supreme Court against the judgement of the High Court praying that the High Court has erred in convicting him on the following grounds-
 1. That the testimony or disclosure which was made by the police was against the will of the accused and was made due to custodial torture by the police and is therefore inadmissible. Moreover, the accused is protected under Article 20(3) of the Constitution of Mystic Falls, which provides him protection against self incrimination.
 2. That the death of Elena was caused by drowning and her own actions of sucking the venom from the snake's bite and the accused is in no way responsible for the same. The responsibility for the death of Elena lies on Google and the State Authorities, for which he had already filed a separate case for compensation.
 3. That the cause of death of the child was the snake bite, and the accused did not know that a snake had bitten the victim. The act of the accused is in no way a proximate or direct cause of the death of the child.
 4. That convicting the accused under the various sections of Basinview Nyaya Sanhita and The Wildlife Protection Act inflicts "double jeopardy" on the accused and he is protected under Article 20(2) of the Constitution on The Mystic Falls.

The Supreme Court has clubbed both the cases of the double murder and the accused's case of negligence against the State Authorities and Google. These cases are now listed on the next date for final arguments on the following issues

- Whether the High Court erred in convicting the accused for the double murder of Elena and her child under The Basinview Nayaya Sanhita, 2023.
- Whether the confession of the accused, allegedly obtained under duress, is admissible under the criminal jurisprudence of Mystic Falls, considering Article 20(3) of the Constitution of Mystic Falls, which protects against self-incrimination.
- Whether convicting the accused under both the criminal provisions of the Basinview Nayaya Sanhita and the Wildlife Protection Act, 1972, violates the principle of double jeopardy under Article 20(2) of the Constitution of Mystic Falls.
- Whether the accused's claim for compensation from state authorities and Google Maps is legally tenable given the circumstances of the case.

(The participants are free to frame any additional issues along with the abovementioned issues.)
