# ABOUT SVKM'S NMIMS, SCHOOL OF LAW

Established in the year 2018, SVKM's NMIMS, School of Law, Navi Mumbai offers two courses, BA-LL.B (Hons.) and BBA-LL.B (Hons.), catering to the growing needs of the legal field. In providing such choice, it aims to create diversity in learning. The courses are designed in a manner that in addition to imbibing theoretical knowledge of law, the students are exposed to the practical facets of the law. It prepares the students for the real world by honing one's soft skills such as framing and drafting of arguments, interpretation of statutes; whilst keeping in touch with our political and historical heritage, and flexibility with work environments. The school also enables students to explore opportunities for international exposure and global experience, which is imperative in a globalised world. Alongside the same, the school prioritises co-curricular and extra-curricular activities such as Moot Court Competitions, ADR Competitions and conferences. In pursuit of the same, SOL works in committees, each specialised in a certain function and co-curricular activity.

## ABOUT THE CONFERENCE

Athena 3.0, our upcoming national conference, is envisioned as a platform to bring together forward-thinking minds to engage in meaningful discussions on the intersection of Artificial Intelligence (AI) with law, society, and the environment. This conference seeks to explore how AI can be harnessed to drive innovation while addressing the legal, ethical, environmental, and social challenges of our rapidly evolving world.

Through Athena 3.0, we aim to foster dialogue on pivotal topics such as AI's role in the justice system, human rights, global security, healthcare, environmental sustainability, and intellectual property rights. By delving into these themes, we aspire to bridge the gap between technological advancement and societal well-being, shaping a future that prioritizes equity, accountability, and sustainability.

This conference marks a step toward not only understanding AI's transformative potential but also charting a path for actionable change, contributing to a future where technology complements human values and fosters global progress.

# CALL FOR PAPERS

Athena 3.0 invites original, unpublished, and high-quality research contributions in the form of research articles, review papers, and empirical studies. We encourage participation from scholars, researchers, academicians, students, industry professionals, and practitioners across India.

Submissions should explore innovative perspectives, practical applications, and critical analyses of Artificial Intelligence, focusing on its legal, environmental, social, and ethical dimensions. Emphasizing AI's role in shaping law, society, and governance, Athena 3.0 aims to foster dialogue and inspire actionable change toward a sustainable and equitable future.

## THEME:

**Harnessing Artificial Intelligence for a Just, Inclusive, and Sustainable Future**

## SUB-THEMES:

1. AI & Business Law
2. AI & Constitutional Law
3. AI & Digital Security
4. AI & Global Security
5. AI & IPR (Intellectual Property Rights)
6. AI and Criminal Justice System
7. AI and Education
8. AI and Environmental Law
9. AI and Health and Pharma
10. AI and Human Rights
11. AI and Privacy of Vulnerable Groups

The above subthemes are indicative, and authors are encouraged to submit papers on these and related topics within the broader scope of AI and its intersection with law, society, environment, and governance.

# ABOUT THE ORGANISING COMMITTEE

The Publication and Seminar Committee of NMIMS, SOL, Navi Mumbai is an organization committed to enabling aspiring legal eagles to develop their skills in research, analysis, and expression of knowledge. It aims to raise awareness about contemporary legal issues and provide guidance to fellow law aspirants and students. The committee is divided into two departments, namely the Content Research & Reporting Department and the PR & Design Department. As the name suggests, each part is entrusted with unique and distinct responsibilities of their own.

The Publication Committee publishes a bi-annual magazine titled SOLstice. It is an academic publication that focuses on legal research and analysis. It features scholarly articles written by faculty members and students, as well as practitioners in the field. Alongside “SOLstice”, it also publishes “Thirty: The Legal Gauge”, a monthly publication that highlights important and obscure pieces of legal news from the preceding month. Therefore every month, the two departments work persistently to enlighten and make aware its fellow classmates and faculty about the legal happenings in and around the world. Recently, the committee decided to merge the publication of this newsletter with its forthcoming blog. The upcoming blog will be an online publication that will provide a platform for expression of views and opinions on legal issues.

As NMIMS SOL celebrates the achievements of our first-ever graduating class, the publication committee is elated to introduce the first edition of the yearbook for our seniors. This yearbook will represent a historic moment for our college/department as we document the experiences and accomplishments of our very first graduates. The committee aspires to carry out more such conferences for scholars, practitioners and students apart from the aforementioned publications.
