

Symbiosis International University Alumni and Students Solidarity Statement

We, the undersigned, condemn in the strongest possible terms the police brutality in Jamia Millia Islamia University, New Delhi, the ongoing illegal siege and curfew imposed on Aligarh Muslim University, Aligarh and the violent suppression of the voices of our fellow citizens in the North East.

On 11th December 2019, the Rajya Sabha passed the Citizenship Amendment Act, 2019 which fundamentally alters the concept of Indian citizenship and introduces religion as a key determinant. This is against the basic tenet of our Constitution, which envisages India as a secular democracy. The Act is presently being challenged as unconstitutional before the Supreme Court.

In response to the enactment, citizens across the country spontaneously rose in peaceful protest. The earliest protests started in the north east which were violently crushed. An internet black out has been imposed on the north east, and many other parts of the country effectively cutting them off from the rest of India.

On 15th December 2019 Delhi police in riot-gear forcibly entered the Jamia Millia campus and attacked students who were peacefully protesting the Citizenship Amendment Act which contravenes the right to equality and secular citizenship enshrined in the Indian constitution.

The videos of the Delhi police using tear gas shells, shocking tales of them entering hostels and attacking students studying in the library and praying in the mosque have shocked our conscience and our democratic spirit. There are also reports on targeted violence on communal lines and reports of students having suffered bullet injuries. It is also disturbing to note that there were several reports of the street lights being switched off to enable the police to resort to violence and even molestation against peaceful students.

On the night of 15th December itself, the Aligarh Muslim University was also subject to police brutality. Subsequently, an internet blackout was ordered here as well.

The peaceful demonstration and gathering of citizens does not constitute a crime. The police action in the North East, Jamia Millia Islamia and AMU campuses is blatantly illegal under the constitution of India. The unbridled violence from those who are responsible to protect us and ensure law and order has a chilling effect on the democratic right of protest granted to the citizens of this country by its Constitution.

We stand in solidarity with our fellow citizens in the north east, and students, faculty and staff of Jamia Millia Islamia and Aligarh Muslim University, and express our horror at this violent police

and state action. With them, we affirm the right of citizens to peaceful protest and the autonomy of the university as a non-militarized space for freedom of thought and expression. The brutalization of students, the attack on universities and violent suppression of citizens voices is against the fundamental norms of a democratic society and contrary to the idea of India.

As Alumni of Symbiosis University and as citizens of this great nation and as people of all faiths, we are watching with extreme concern the situation unfolding in the North-East, Jamia Millia Islamia and Aligarh Muslim University and stand in solidarity with them in this time of great distress and demand:

1. An independent inquiry be conducted against the acts of police brutality in North-East, Jamia Milia Islamia and AMU and the guilty be punished.
2. Lift the internet and social media black-out imposed across the country.
3. The Government withdraw the police and engage with the protestors in a peaceful and non violent manner.

DISCLAIMER: This statement has been issued by the Alumni of Symbiosis International University and does not in any manner reflect the official position of Symbiosis International University regarding this matter, whatever that maybe.

Alumni Signatories:
