ORDER

Per. Hon'ble Shri Justice Suresh Kumar Kait, Chief Justice

As submitted by the learned counsel for the respondents/State, the Committee headed by the Chief Engineer visited the site in question in presence of Engineer-in-Chief and Additional Chief Secretary and observed that the joints and gaps present were attributable to expansion and contraction due to changing seasons in summer/winter.

Since no research or scientific report has been placed by the petitioner to support the claims, we are not inclined to entertain the present petition.

In view of above, writ petition is disposed of.
